JL- After much work I'd prepared to write the appeal for the Archives not supplying what I'd asked for under FOIA when in yesterday's mail there was Leisinger's 7/23 saying they will reply by 7/30. They have started saying when the letter reached his office in each response. I'll have to wait now. I have made copies of their letters for you. You havex copies of mine. I'll send them all together, when I respond. His letters have the initials "NN" on the envelopes. But with this one they started stamping the back side of the envelopes. The first or top three lines on this one are illegible. Under that appears GSA Jul 23 2 57 PM '75 NARS MAIL ROOM. HW 7/25/75
